World Academy of Career Programmes (WACP) is an educational research organization that offers career related courses in accounts, Finance, Technology, Healthcare and Design. Our association with prominent schools and higher educational institutions & universities provide students with a structured pathway to specialized qualifications in these streams.

WACP commands a robust network within the industry and thereby offers unmatched practical training, internships and placements. We are passionate about offering the right blend of practical knowledge and experience, creating a truly futuristic curriculum aimed at producing highly skilled individuals and a launch pad for entrepreneurs. Our core team of progressive leaders along with our experienced faculty and competent operations, lead us towards growth and excellence.

Global Academy of Professional Accountants is a prestigious institute known for learning and aids to develop highly trained professionals in the field of accounting and financial management. It provides a range of high quality academic programmes that enable students to enter the challenging and rewarding profession of accounting, auditing, finance, banking & taxation.

Global Academy of Professional Accountants focus is to achieve excellence in preparing professionals who provide leadership and meritorious learning and other educational skills related to improving the lives of individuals in a changing and complex global society. These programmes are designed to provide a rigorous accounting education with a careful blend of theory and requirements of professional practice. The specialist training in the core professional areas of accounting, finance, taxation and law is integrated with an understanding of the broad commercial context relevant to the management and conduct of business.

# Calculating the best opportunities for you !!

Accounting is one of the leading career choices in today's era. The course is intellectually challenging and gainful. It offers the practitioners a wide range of career paths. It boosts your career and gives a kickstart to create the strategies for building goals that leads to success. It opens up a lot of opportunity for advancement and covers a spectrum from Accounting & Financial Management technician, Chartered Accountant, Forensic accountant, Investment banker, Stockbroker, Tax adviser, Actuary, Data analyst and many more.

INTERNATIONAL DIPLOMA (GRADE 11)

INTERNATIONAL ADVANCED DIPLOMA (GRADE 12)

## EXPERIENTIAL LEARNING

### SESSIONS

WACP will provide comprehensive CRS Training to the school faculty.

### ASSIGNMENT & PROJECTS

Assignment and projects are a part of our curriculum. These provide our students ample opportunities to meet, interact and build relations with popular and experienced individuals in the Accounting & Financial industry, under the able guidance of our dedicated faculty.

### MASTER CLASSES

Master Classes intend to keep students aware of the current trends of the corporate world. Guest speakers from various areas of industry share their knowledge and help students with ideas and insights about the sector.

### WORKSHOPS

To keep our students updated with the current affairs in the Accounting & Financial Management Industry, we frequently organize uniquely designed workshops that focus on industry-oriented themes shortlisted by our team of experts.

### SIMULATED EVENTS

We have developed an exceptional methodology that helps replicate the process of organizing and managing the learning areas in real time. Students are trained to make the projects and assignments. This exercise gives them an opportunity to walk through minute aspects of learning.

### CASE STUDIES

Our curriculum includes the use of case studies in order to highlight various practical and situational issues. The brainstorming and discussions help streamline our student's thought processes and sharpen analytical abilities by exploring, identifying and solving issues.

## ASSESSMENT

- WACP CRS has ongoing, continuous assessment, and students will receive Certification only after successful completion of the assignments & assessments.
- In line with WACP Commitment to practice-based education, a large part of the assessment will relate to the demonstration of the student's ability to synthesize classroom learning with real life scenarios of managing and running business.
- Students will encounter many different kinds of assessment methods, for example: written exams, written assignments, portfolios, project work, reports, individual or group oral presentations and practical skills assessment.
- The CRS will be assessed summatively, end of year assessments will take place in Year 1 & Year 2. It will be externally moderated by WACP.
